History

The EAO was founded in Munich in 1991 following on the recommendations made by an international group of clinicians and research workers. It was formed as an international, interdisciplinary and independent science based forum for all professionals interested in the art and science of osseointegration.

The first EAO Annual Scientific Congress took place in Leuven, Belgium 1992, and was followed by

Barcelona, Spain 1993	Milan, Italy 2001
Malmö, Sweden 1994	Brussels, Belgium 2002
Dublin, Ireland 1995	Vienna, Austria 2003
Paris, France 1996	Paris, France 2004
Berne, Switzerland 1997	Munich, Germany 2005
Berlin, Germany 1998	Zurich, Switzerland 2006
Copenhagen, Denmark 1999	Barcelona, Spain 2007
Amsterdam, Netherlands 2000	Warsaw, Poland 2008
	Monaco 2009.

Vision

Bridging the gap between science and clinical practice, EAO improves the quality of patient care as the leading voice and resource centre in the field of implant dentistry in Europe

History

The objectives of the Association are:

1. To promote and facilitate clinical applications of osseointegration for the benefit of patients throughout the world.
2. To promote the advancement of methods of treatment in reconstructive surgery and prosthetic rehabilitation based on the principles of osseointegration and related disciplines.
3. To promote and initiate research into improved clinical procedures for rehabilitation as a consequence of osseointegration.
4. To promote international exchange of know-ledge and understanding of the techniques and research in the field of osseointegration and related disciplines.
5. To promote the publication of research findings and other materials as part of continuing education for the benefit of members and interested organizations.
6. To define standards in Europe.
